LITTLEDEAN PARISH COUNCIL

Independent Internal Audit Report 2018/2019

The Audit was carried out on the 24th April 2019. The approach to the audit is based on the guidance detailed in the JPAG guide (see reference below). This report is arranged to cover the headings in the Internal Audit section of the Annual Return. I have examined the Council's records in the areas below and made enquiries as deemed appropriate and in my opinion the Council's systems of internal control are fit for the purposes intended.

Peter Newman
Independent Internal Auditor
25th April 2019

1 Proper Bookkeeping

A spreadsheet is used for accounting purposes. Reconciliations of bank statements to cash book controls are regularly carried out.

The spreadsheet is arranged to give an analysis of the various heads of expenditure. A random sample of entries was checked, all items agreed with supporting vouchers and were correctly allocated.

2 Financial Regulations/Payment Controls

Standing Orders and Financial Regulations were reviewed and confirmed at the Annual Council meeting in May 2018.

A list of payments, which includes the Council's power to spend against each item, is presented to Council for approval and this approval minuted. I carried out a random check of payments; all were backed up by invoices, and a covering authorisation sheet for each payment signed by two councillors.and could be followed through to the bank statements. I could see that these checks are also carried out by the internal controls members.

The limit over which the Financial Regulations state the Council has to seek three quotes was not exceeded during the year.

All of the VAT items checked had been recorded.

Section 137 expenditure was separately recorded and was well within statutory limits.

3 Risk Management Arrangements

No unusual financial activity was identified in the minutes.

The Council's insurance arrangements were renewed in September 2018 on a three year contract.The insurance covers many of the risks likely to be met, while some risk areas are reviewed as part of normal procedures.

The Council's Risk Assessment was last reviewed and confirmed at the Annual Council meeting in May 2018.

Quarterly Internal Controls checks are carried out by members using a check form listing items to be covered. Results of the checks are on file and are reported back to Council. No concerns were raised on any of the reports examined.

4 Budgetary Controls

The budget for the coming year was properly considered. A proposed budget was discussed firstly at the October meeting and, after amendment, agreed, together with the precept, at the November 2018 meeting.

Budgets (cont'd)
I could see that members receive regular reports of Expenditure to date for monitoring against budget.

5 Income

The Council received all expected income for the year, including burial board charges, allotment fees, VAT refund and agency payments from FODDC.

The recorded precept received from the District Council agreed with the precept notification.

6 Petty Cash

The Council does not operate a Petty Cash system. Any expenses, backed up by receipts, are claimed and included on the payments schedule.

7 Payroll Controls

The Clerk and other employees have a contracts of employment.

A sample check showed PAYE deductions have been processed correctly and that other expenses were accurate and properly approved.

8 Asset Controls

The Council's Asset Inventory was confirmed at the Annual Council meeting in May 2018.

The asset list shows cost on acquisition/proxy cost as described in JPAG. The list has now been further reviewed to take into account JPAG guidance on Community Assets, in particular relating to value of assets shown on the Annual Return.

9 Bank Reconciliation

Bank Reconciliations are carried out regularly. The reconciliation is presented to Council and signed, as recommended by JPAG and as defined in Council Financial Regulation 2.2.

I could see no unexplained balancing entries on any of the reconciliations.

10 Year End Procedures

The accounts were prepared on a Receipts and Payments basis.
An audit trail could be followed on all areas examined.

Other areas covered at audit

Codes of Conduct etc

These were confirmed at the Annual Council Meeting in May 2018. Members sign up to the Council's Code of Conduct on Acceptance of Office and thereafter when changes are made to the codes.

Minutes show that members regularly state Declarations of Interest at meetings.

Internal & External Audit Reports

Both reports were considered at council meetings. No issues were raised in either report.
